Comprehensive Solution for College Algebra

Prepare your students to meet the challenges of your honors algebra or dual-enrollment course with *College Algebra*. Authors Julie Miller and Donna Gerken are known for their clear, concise writing style, highly effective pedagogical features, and complete author-created technology package that helps students build a solid foundation in mathematics. *College Algebra* provides students with a clear and logical presentation of basic concepts that will prepare them for continued study in mathematics, and helps students develop logical thinking and problem-solving skills that will benefit them in all aspects of life. This text is filled with tools and features that aid in student understanding and ensure comprehension of all course content.

This edition offers:

- **Instructor's Resource Manual** with activities and suggestions for each chapter
- **Instructor's annotated edition**
- **Customizable PowerPoint presentations**
- **ALEKS® 360**, which provides a personalized learning experience for each student
- **Downloadable eBook** available through ConnectED

ALEKS® 360
With eBook Integration

ALEKS®360 is designed to meet the needs of today's students. Using adaptive artificial intelligence, ALEKS®360 identifies precisely what each student knows and doesn't know, and prescribes an individualized learning path tailored to their unique strengths and weaknesses. ALEKS®360 also features an integrated eBook with media-rich resources and features including highlighting, bookmarking, and note-taking capabilities. A clean, modern, mobile-ready interface allows students to easily navigate their learning, track their progress and manage their assignments from anywhere.

Coming Fall 2016!
